E-mail : dfc_glasgow@yahoo.co.uk
Tel : 01634 360143 (9.00am to 6.00pm GMT)

Under the auspices of

*International Journal of
Oral and Maxillofacial Surgery.*

*The European Association for
Cranio-Maxillofacial Surgery.*

One day of presentations covering recent advances in surgical planning followed by two days of hands-on workshops.

The workshops will be based around the records of patients illustrating a range of dentofacial deformities. There will be interactive demonstration and discussion of the following components of the complete patient journey.

Oral & Maxillofacial Surgery Workshop
(Lead: Prof Ashraf Ayoub).

This includes hands-on participation in each of the following areas:

- a) Computerised profile planning.
- b) 1:1 manual prediction planning.
- c) Surgical techniques & instrumentation.
- d) Bioresorbable fixation techniques.

Orthodontic Workshop
(Lead: Mr Philip Benington).

This will include hands-on management, using typodonts, of the following:

- a) Decompensation mechanics.
- b) Management of "3-point" landings.

Psychology Workshop
(Lead: Dr Lyndia Green).

This will include an interactive discussion concerning important psychological factors to consider in orthognathic surgery and wider social and ethical issues.

Hands-on Orthognathic Surgery Planning – 17th - 19th June 2009.

I wish to reserve a place on the residential course £550
